

Public Notice and Request for Comment

The United States Environmental Protection Agency (EPA) Region 8 hereby provides notice and solicits comments from interested persons regarding an EPA proposal to issue an approval for Denver Water to encapsulate PCB contaminated concrete at the Marston Basin #4 (distribution tank/reservoir) at the Marston Water Treatment Plant at 6100 West Quincy Avenue, Denver, Colorado 80235. The approval is sought by Denver Water under the Toxic Substances Control act (15 U.S.C. §2605(e)) and the implementing regulations for PCBs at 40 C.F.R. § 761.61(c) *Risk-based disposal approval*.

Public Comment Period: The comment period will open on Thursday, December 30, 2004, and close on Thursday, January 28, 2005. During the comment period, interested persons may submit written comments concerning the work plan or the draft approval, and may request an extension of the comment period or a public hearing. A person who requests an extension must submit a justification in writing within the first fifteen (15) calendar days of the comment period.

A request for a hearing must be in writing and shall state the nature of the issues proposed to be raised in the hearing. Comments and requests for an extension or hearing should be submitted to Mr. Dan Bench, U.S. EPA Region 8, 999 18th Street, Suite 300, Denver, Colorado 80202; telephone 303 312-6027; Email bench.dan@epa.gov.
